INSTAGRAM REELS & TIKTOK

In August 2024, the Carbon Chamber & Economic Development Corporation began utilizing Instagram Reels and the TikTok Platform to promote events, member benefits and more! We feel these are a great opportunity to share information in an accessible format to all members!

With the implementation of these videos, our reach has expanded greatly, meaning our members and those outside of the Chamber are viewing this content and learning about what the CCEDC, and our members, have to offer.

In 2025, we want to open our feed to you! By partnering with the Chamber to create content, you can put your business in front of new audiences by working hand-in-hand with our Chamber staff to create quick Video Content to enhance your brand's exposure. Videos will be tagged and crossed promoted between Facebook, Instagram and TikTok, with your company's profile tagged as a collaborator and/or in the caption where appropriate.

Your business will own the video once posted - meaning you have content you can reuse in the future, too!

2025 INSTAGRAM REEL & TIKTOK PRICING:
